THE PRIMARIES IN THE FIFTH AND FIFTEENTH WARDS.

Candidates for Common Council as Well as Other Ward and District Officers Named by the Republican Voters of These Wards-Charge of Fraud Made in the Fifteenth Ward-Two Hundreds Girls and Boys Confirmed in St. Patrick's Church.

'Tis done! The Crawford county systen is now introduced. Republican primaries were held Saturday after noon in the several districts of the Fifth and Fifteenth wards for the purpose of electing party nominees for the ward and district offices from common council down.

Though considerable doubt concerning eligibility of voters to take part in these primaries existed owing to the rules of the new system no effect on the totals was apparent. The liberal translation of the rules given by the city committee was taken advantage of. In the Fifth ward, in its four districts, a total of 916 votes were cast for the two candidates for the common of just 100 votes over the total cast in the last election for Stone and Swallow combined. In the Fifteenth ward, hewever, the total vote as figured above fell off 82 votes.

The polls were open from 4 p. m. to 7 p. m. In the Fifth ward the struggle was quiet but earnest and with a few possible exceptions left no breach. J. H. Walker was elected over his opponent, J. T. James, by 468 majority Mr. Walker is thus a nomince for election for a second term, and is now serving his first term. Timothy Jones, who is constable at present, was made nonince for a second term, with a plurality of 270, there being three candidates. For ward assessor there were four candidates in the field. D. M. Owens is nominee by virtue of a plurality of 120. SHEDD ELECTED.

Frank Shedd was elected over Frank B. Reese by a majority of 17 votes for register of voters in the First district. John R. Edwards, for judge of election, and George F. Eynon, for inspector of election, in this district had no opposition. In the Second district C. E. Daniels, for judge of election, H. S. Morgans, for inspector of election, and D. E. Gregory, for register of voters, were elected without opposition. the Third district, Thomas G. Evans, for judge of election, and Lewis Johnson, for inspector of election, had no opposition. William Howell was elected register of voters and had a plurality of 19, there being three candidates. In the Fourth district, Edward Jones. for judge of election, and Carvil Morfor inspector of election, had no opposition. Eugene Long had a plurality of 9, there being three candidates. The vote as east by districts is as fol-

FIFTEENTH WARD.

In the Fifteenth ward, however, things did not move so smoothly. Con-Jentousy and siderable suspicion eems to have been created. Originally council nomination. This shows a gain there were five candidates for the councilship nomination, but two of them withdrew. In the Second district, one of the vigilants was openly accused of attempting to staff the ballot box-In fairness to all candidates it is said that the attempt did not succeed and had no effect upon the actual vote as attested to by the watchers representing each candidate.

Mr. Morgans, the accused vigilant denied the story to a Tribune reporter and stated that he had been misrepresented. However, almost as a direct result it is said that Thomas Watkins will run as an idependent candidate in the general election next February. Richard R. Thomas, an ex-patrolman, made the nomination by two votes plurality. Henry Burschel was re-elected nominee for constable, there being no opponent. Ebenezer P. Davies also had no opponent for assessor, W. Schlegel was chosen for judge of election in the First district, having a majority of five votes. T. > ANNIVERSARY SERMON. Rev. J. P. Moffatt, paster of the Washburn Street Presbyterian ourch, yesterday concluded his third . car of service as pastor. At the moving service he commemorated that fact by preaching an anniversary ser con to a very large audience. The chair cend-

In order to accomplish this, the pastor, assisted by a responsive congregation, raised nearly \$5,000 in about eight months. The church's present liabillties are \$3,000 on the parsonage and their assets over \$1,000.

Rev. Moffatt selected as his text the passage found in I King's, vill:57-58: The Lord, Our God, be with us as He was with our fathers \* \* \* ." This passage is the closing thought of Solo mon's prayer at the dedication of the Temple. As a blessing came to this ruler and his people, so might a blessing come to this church to a prayerfu! The speaker's three main thoughts were Divine presence, its continuance, and its influence.

This presence need not be an essen tial one, but was a gracious one. It came not but by our being willing. So we must seek and find. This presence is a guiding one. It protects and defends us. It strengthens, for "Fear thou not, for I am with you." Then, co. it is a comforting presence. When Christ left this world, the Holy Spirit ame to us. If we pray to Him, He will enter and commune with us in His ouse, in solitude. He comes in affliction and at death, always to sustain This presence is always with us.

He loves us. We owe Him obedice and fidelity. We should maintain our faith, hopes and love for Him and his guiding influence. We have at least, one manifestation of His goodness to He has blessed us, both tempor ally and spiritually, during this past year. The speaker concluded with a ew statistics. He had made 900 callduring the year, an average of three er day. Forty-two members were re ceived by profession of faith, and fifeen by letter or certificate. He had officiated at eleven funerals, nine out of the church, and at nine weddings in he church.

The only vacancies occur when a member dles, as none resign, consequently it was decided to organize another club to be conducted on equal and, if possible, a more elab-orate scale than the Fourteen Friends At Saturday night's meeting of the Fifteen the following officers were elected: Matthias Schneider, president: John J. said the best start in life is a sound stomach. Weak stomachs fail to digest food properly, because they lack the proper quantity of digestive acids (lactic and hydrochloric) and peptogenic products; the most sensible remedy in all cases of indigestion, is to take after each meal one or two of Stuart's Dyspepsia Tablets, because they supply in pleasant, harmless form all the elements that weak stomachs lack.
